

Attorney Docket No. 110348-134848
IPN P17805

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In Application of:

Dubin et al.

Application No.: 10/763,470

Filed: 01/22/2004

For: ELECTROLESS PLATING
SYSTEMS AND METHODS

Examiner: Lamb, Brenda A.

Art Unit: 1734

Confirmation No.: 6669

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Supplemental Declaration of Inventor Pursuant to 37 C.F.R. § 1.112

Madam:

We, Valery M. Dubin and Chin-Chang Cheng, hereby declare that:

1. At the time of the invention, we were citizens of the United States of America and the Republic of China (Taiwan), respectively, and were residents of the State of Oregon, residing in or around the greater Portland metropolitan area.
2. We are the joint inventors of the subject matter of pending independent claim 5, and claims 6-8 through their dependencies to claim 5, of the above-captioned application, which was filed jointly by ourselves and Arnel Fajardo, on or around January 22, 2004.
3. At the time the subject matter of claim 5 was conceived we were employed by Intel Corporation of Santa Clara, California, the assignee.

Attorney Reference No. 110348-134848
IPN P17805

Patent

4. We further declare that we conceived the subject matter of the above-captioned application as embodied in pending claim 5, and claims 6-8 through their dependencies to claim 5, which was described but not claimed in earlier filed U.S. Patent Application 10/046,218 ('218). '218 was filed jointly by us, Vincent F. Caillouette, and Christopher D. Thomas on January 16, 2002.

We further declare that all statements made herein of our own individual knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the above-identified patent application or any patent issued thereon.

Executed by and on the date as set forth below:
